

# Green trip to Borneo Rainforest

Borneo is home to the world's oldest tropical rainforests. Among the planet's most biologically diverse ecosystems, these forests are home to thousands of endemic animal, reptile, insect and plant species. Tropical rainforests are also known as the "world's largest pharmacy" because of the large amount of natural medicines discovered there.

Duration: **17 to 24 June 2024 [8 Days 7 Nights]**

Destination: **Borneo, Sarawak**

Quota: **16**
