

PHOTOGRAPHING MY VISION

WORKSHOP

- A. Utilise different exposure setups by adjusting aperture, shutter speed and ISO
- B. Understand how camera angles and composition shape the way an image tells a story
- C. Get familiar with the work of world-known photographers
- D. Develop a set of images that help examine one's thoughts

TEACHER : MS. CHERRY WONG

Ms. Cherry Wong, a Professional photographer, held a solo exhibition and teaches photography workshops for Canon Hongkong. Born in Hong Kong and studied in Canada, Cherry studied film and digital photography while majoring in Communication Studies and Sociology. She later studied Psychology at The University of Hong Kong. Her photography philosophy is - "My photos show my thoughts", everyone can learn more about themselves from their photos and quietly record life and stories that we see.
