

Dear students,

We are surveying both students' and teachers' experiences in participating in the CUHK Academic Advisor System. The mission of academic advising is to assist students in their growth and development by constructing meaningful educational plans which are compatible with their life goals. It is a continuous and consistent process which is built upon the basis of frequent, accumulated personal contacts between advisor and advisee. This project aims at conducting a thorough and qualitative investigation of the current academic advisor system at CUHK. We will investigate the following five aspects of the academic advisor system, namely: (1) Definition, (2) Barrier, (3) Arrangement, (4) Content & (5) Evaluation.

This survey will take about 15 minutes to complete. We sincerely thank you for your participation in this study. (Students can do the questionnaire from Dec 2020 to the end of March 2021)

Stage 2 Academic Advising Survey for Students (1st time participant)

Students who completed the survey before do not need to do it again.

Your participation in the survey is much appreciated. Your comments will give us valuable feedback to continue providing enhancement in the academic advising services at CUHK. If you would like to attend an **individual interview** to share your views about Academic advising at CUHK. Please complete the questionnaire first and tick your choice to attend the interview and we will contact you later. Students who attend an interview will be awarded HK\$100 as a reward.

Thank you for your participation.
